

Economic Process-analysis and Simulation Study Group

Leader of the study group, contact:

- **Dr. Balázs Gyenge**, associate professor, leader of department, Chairman of the Academics' and Students' Affair Revision Committee of University
- Institute of Business Sciences
- Bureau: Main Building 1st floor Faculty of Social Sciences Institute of Business Sciences
- Phone: +36-28-522-000/2014, +36 70 943 2235
- e-mail: Gyenge.Balazs@gtk.szie.hu
- <http://uti.gtk.szie.hu>
- [http://uti.gtk.szie.hu/tanszettek/tevekenysegek-menedzsment-es-logisztika-tanszek](http://uti.gtk.szie.hu/tanszettek/tevekenysegek/tevekenysegek-menedzsment-es-logisztika-tanszek)

Members of the study group (with e-mails):

- **Dr. Balázs Gyenge** associate professor, leader of department
gyenge.balazs@gtk.szie.hu
- **Dr. Tímea Kozma** associate professor
kozma.timea@gtk.szie.hu
- **Dr. Árpád Bak** technical assistant
Bak.Arpad@gek.szie.hu
- **Róbert Tóth** PhD student
toth.robort.nemet@gmail.com

Studding areas:

Corporate Analysis, Business Economics, Business Management, Knowledge Management, Information Management, Operations Management, Resource Analysis and Management, Decision Theory, Strategic Management, R+I Research and Innovation, Finance management, Business Valuation, Process Analysis and Audit, Discreet Event Simulation, Value Chain Quantitative Modelling, Mathematical Analysis, Value Stream Mapping, Spin-off utilization

Membership of professional organisations or bodies:

- Hungarian Economic Association
- Hungarian Logistics Association
- Hungarian Group of Controlling

Participation in applications:

OTKA for youth F42588,topic leader (2003):	Role of the agro insurance and future in the agricultural production and risk management
Thematic OTKA participant (2003):	T 042620 Influence of economic actions to the financial account and the studying liquidity of small and medium sized companies with analytic model simulation
GVOP-2004-1.1.3	Strengthening and number increasing the integrators of suppliers

KMOP-4.5.2-11-2012-0001	Infrastructural improving of basic social services and children welfare. New milestone: New nursery in Diosd!
ÁROP-3.A.2-2013-2013-0020	In the framework of State Reform Operative Program , Organization Development, „Developed Organization in Diosd”
KMOP-4.7.1-13-2014-0009	„ASP service in Diósd and Tárnok” Integration to the State Service Provider Service
Széchenyi SZT-2002-EG-2	Benchmarking study of implementations of European Union electric-Democracy especially referring to participation in social life of local civil society
Phare-program HU2002/000-315.01.05- HU20023/004.347.000-05.04	Information technology in primary education E-learning content development (II. sub program I. component) „Individual ability development method and computer technology development for special children especially for gipsy students in the framework of integrated education”
K+F, 2002	Integrated novel application of operation study for the strategic decision making of family farms, RI-4
TÁMOP 4.1.1 F-14/1/KONV-2015-0004	„Professional Innovative Co-operation for practice oriented education in SZIE”

Reference:

- Informatics Governmental Commissionary (MEH), Chief Supervisory of Telecommunication (HIF), application audit
- TESCO (simulation study)
- EASY Gift / MACMA (simulation study)

Long term cooperation's:

- Risk and Resource Study Institute

Available services:

- Economic process modelling
- Process modelling with simulation
- Management survey and study
- Organisation development
- Business planning
- Education
- Study and expert services
- Process audit and value stream analysis
