

E-NEWSLETTER

July-August 2018

Dear Readers,

Please welcome the latest issue of the E-newsletter of the Faculty of Economics and Social Sciences of the Szent István University. By publishing this newsletter, we wish to share the most important events and activities of the Faculty in each month and inform you about the coming events. On behalf of the editors, we hope that you will enjoy it. Please feel free to share news and photos with us about the events by sending them to the International Office.

On behalf of the faculty members, we hope you had a nice summer holiday with full of exciting trips!

Summer was also important for us because we were dealing with the new applications. The staff of the international office worked hard to evaluate the applicants to be able to admit all the applicants who meet the admission requirements.

Practical Information

We would like to draw your attention to two of the upcoming events:

1.

Researchers' Night at SZIU

The **Researchers' Night** will be held on **28th September** from early afternoon till late at night. There will be activities, which include

- hands-on experiments conducted by researchers
- science shows with public participation debates
- "researchers dating" (meet researchers and ask them questions)
- puzzles, games, quizzes, contests, workshops

2.

An **International conference** is going to be held at Szent István University, Gödöllő on **25-26th October 2018** on Business and Management Sciences: New Challenges in Theory and Practice. The conference is organized by the Doctoral School of Management and Business Administration, Gödöllő in cooperation with the Faculty of Economics and Social Sciences and the Doctoral and Habilitation Council of the University.

The aim of the conference is to summarize the mainstream concepts and the future trends of management and organizational sciences, and the future challenges and the possible alternative solutions. The main concept is to bring together the different generations of scientists and researchers, as well as PhD students to exchange and share their experiences and research results about contemporary management issues.
