

# E-NEWSLETTER

## July-August 2019

Dear Readers,

Please welcome the latest issue of the E-newsletter of the Faculty of Economics and Social Sciences of the Szent István University. By publishing this newsletter, we wish to share the most important events and activities of the Faculty in each month and inform you about the coming events. On behalf of the editors, we hope that you will enjoy it. Please feel free to share news and photos with us about the events by sending them to the International Office.

On behalf of the faculty members, we hope you had a nice summer holiday with full of exciting trips!

Summer was also important for us because we were dealing with the new applications. The staff of the international office worked hard to evaluate the applicants to be able to admit all the applicants who meet the admission requirements.
