

E-NEWSLETTER

September 2017

Dear Readers,

Please welcome the latest issue of the E-newsletter of the Faculty of Economics and Social Sciences of the Szent István University. By publishing this newsletter, we wish to share the most important events and activities of the Faculty in each month and inform you about the coming events. On behalf of the editors, we hope that you will enjoy it. Please feel free to share news and photos with us about the events by sending them to the International Office.

Welcome to Gödöllő in the new academic year of 2017/2018! This is the 1st newsletter of the new academic year. We hope you had memorable summer holiday and you are ready for the studies.

On 4th September 2017 the official opening ceremony took place for the 1st year students.

In order to help the new students to get settled and integrated, we organized an orientation week with full of useful and interesting programs and team-building activities.

A couple of hundreds of students took part in the events and had a chance to learn about the campus, Gödöllő city and Budapest as well. Thanks to the ESN and to the mentors, the start was quite smooth for the newcomers.

On 28 and 29 September, the faculty organized an international scientific conference in Legénd (Nógrád county) about smart communities. 50 international students from campus had the opportunity to participate in the event in addition to the professionals from the academic sphere and the practice.

Parallel to that event, the official opening ceremony of the academic year took place in Transylvania, where the faculty has a venue of training for rural development master course.

Good luck for the academic year to everyone!
